TKNIKA

Francesco Rifé

Diseñado por Francesco Rifé, Tknika es un sistema de mesas ligero y atemporal, configurable para todo tipo de necesidades y espacios.

Su diseño funcional y estructural ofrece un programa versátil y escalable, con máximas posibilidades en dimensiones y mínima cantidad de patas. Se presenta en tres alturas y una amplia selección de materiales, acabados, tamaños y formas para adaptarse a la estética de cualquier espacio interior. A su vez, el programa incluye opciones de electrificación y accesorios personalizables para su aplicación en múltiples sectores como contract, oficina y hospitality.

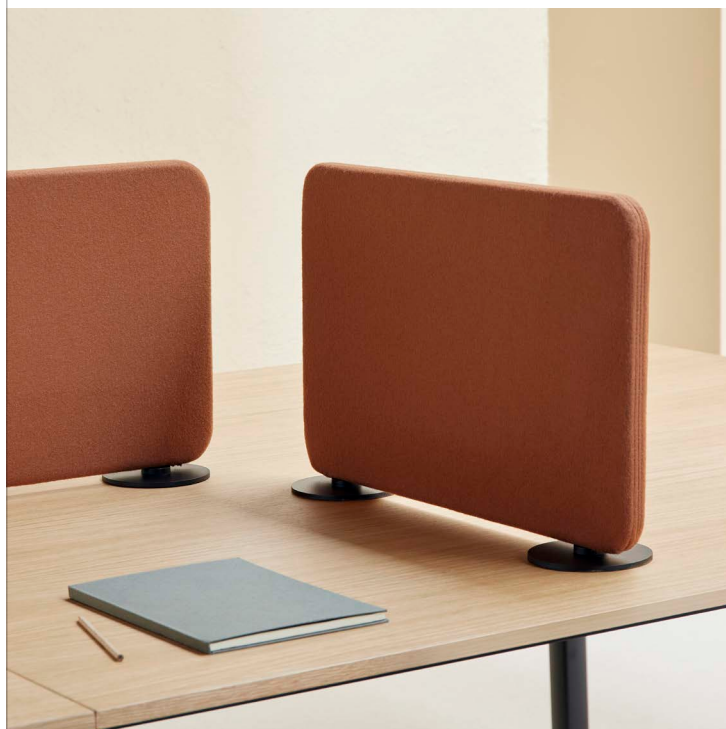

Designed by Francesco Rifé, Tknika is a system of lightweight and timeless desks that can be configured to suit all type of needs and spaces.

Its functional and structural design delivers a versatile and scalable range offering endless possibilities when it comes to dimensions, and without too many legs. It is available in three heights and a wide selection of materials, finishes, sizes and shapes to suit the decor of any indoor space. The range also includes power connection options and customizable accessories for use in myriad sectors, such as contract, office and hospitality.

Reducing our environmental impacts

From our surroundings in Usurbil, Spain, we find inspiration in every corner. This landscape is not only our home but also our identity—the place we care for and preserve, fueling our commitment to sustainability. It's in this connection with nature that our ideas are born and our developments take shape.

EPD (Declaración medioambiental de producto) - EPD (Environmental Product Declaration)

Una EPD es una declaración ambiental certificada elaborada en conformidad con la norma internacional ISO 14025 consiste en un documento mediante el cual una empresa, de acuerdo con unos parámetros predeterminados, comunica el rendimiento ambiental del producto de forma transparente.

An EPD is a document that communicates the environmental impact of a material during its life cycle, from the raw material extraction process, transportation to the manufacturing site and the product manufacturing process.

ISO 9001

ISO 9001 es una norma mundialmente reconocida para la gestión de la calidad. Ayuda a organizaciones de todos los tamaños y sectores a mejorar su rendimiento, cumplir las expectativas de los clientes y demostrar su compromiso con la calidad.

ISO 9001 is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance, meet customer expectations and demonstrate their commitment to quality.

ISO 14001

La ISO 14001 es la norma líder mundial para sistemas de Gestión Ambiental. Entre los beneficios de implantar esta norma se incluyen la reducción del impacto medioambiental, la disminución de la generación de residuos y del consumo energético, y el recorte en los costes de la actividad empresarial.

ISO 14001 is the world's leading standard for environmental management systems. The benefits of implementing this standard include reducing the environmental impact, cutting down on waste generation and energy consumption, and decreasing business activity costs.

ISO 14006

ISO 14006 es una norma Internacional que proporciona directrices para ayudar a las organizaciones a establecer, documentar, implementar, mantener y mejorar de forma continua su gestión del ecodiseño como parte de un sistema de gestión ambiental (SGA).

ISO 14006 is an international standard that provides guidelines to help organizations establish, document, implement, maintain and continuously improve their ecodesign management as part of an environmental management system (EMS).

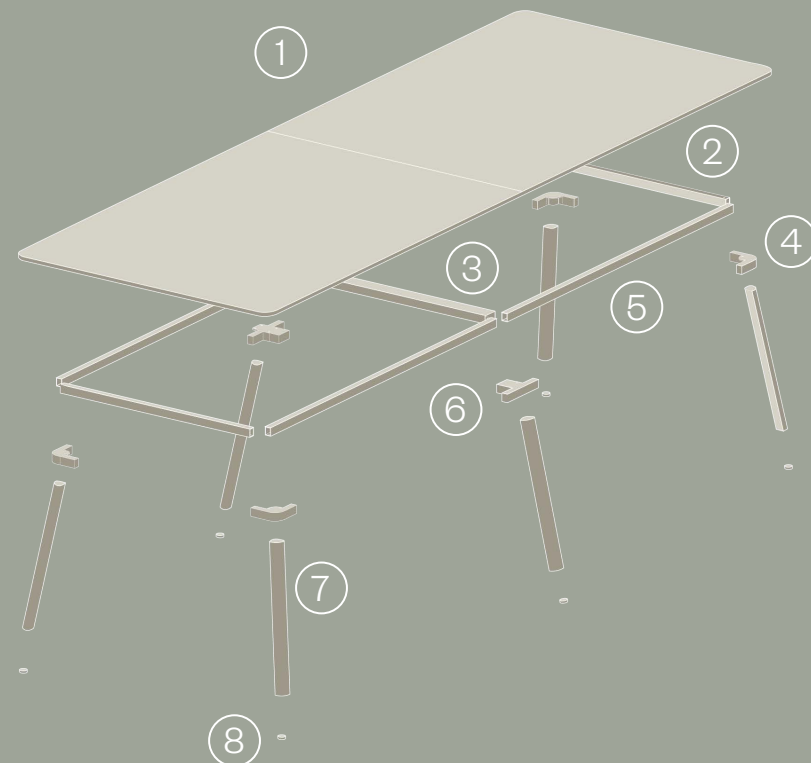

UNE EN 15372 Mobiliario. Resistencia, durabilidad y seguridad - UNE EN 15372 Furniture.

Strength, durability and safety

Esta norma europea especifica los requisitos de seguridad, resistencia y durabilidad de todos los tipos de asientos no domésticos destinados a ser utilizados por adultos con un peso no superior a 110 kg, incluidas las sillas de oficina para visitantes.

This European Standard specifies requirements for the safety, strength and durability of all types of non-domestic seating intended to be used by adults with a weight of not more than 110 kg, including office visitor chairs.
